FOR 2 YEARS

Real Thing Puts an End To Pose

Gordon L. Berlin, 47, formerly of New Baltimore, will have little chance to impersonate a Federal officer for two years.

That's the sentence Berlin drew Friday from Federal Judge Theodore Levin.

FEDERAL AGENTS said Berlin traveled all over the Detroit area last January posing as one of the top spies for the Central Intelligence Agency.

They said he got money from several persons by promising them jobs as soon as his "office," which he said was a front for the CIA, expanded its operations.

At one point, agents said, Berlin went around with an arm in a sling, claiming that he had been wounded while capturing a dangerous criminal for the FBI.
